# Discover The Seasons – Week 18

This week we reach the length of the blanket. It will be a tough week, because we are going to make 2 blocks with cables. I love knitted cables and thanks to Kim Guzman I found a way to make tunisian cables.
Because I have limited tools, the first 2 blocks have a different chart. I'm still looking for free software which has all the tunisian stitches and the possibility of using cable stitches.

In the photo block 73 is Color C but it has to be color B
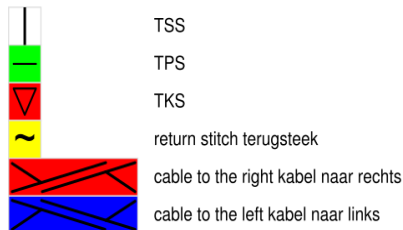

Block 71　　　　　　30x30　　　　　Color B

Design: Marjolein inspired by a knitting pattern

With one of my favorites blocks we reach the length of the blanket. This block will be made on block 68/70. Attach at the right top corner of block 70.

This time I used a software program for knitting patterns to make the charts, that is why they look different and there will be some dutch behind the stitches. I also had no possibility of putting the numbers row next to the rows.

Stitches

TSS　　　　　　　　tunisian Simple stitch
TPS　　　　　　　　tunisian Purl Stitch
TKS　　　　　　　　tunisian Knit Stitch

│	TSS
▬	TPS
▽	TKS
~	return stitch terugsteek
⬛	cable to the right kabel naar rechts
⬛	cable to the left kabel naar links

Designed with Stitch Fiddle

Explanation Cable

Cable to the left
You're making the cables in the return pass

step 1　　　　　　pull **5 loops** of the hook. The first loop is your working loop, make this one larger and leave it
step 2　　　　　　pick up your stitch holder and pick up the loops which are close to your hook. Lay stitch holder in **front** of your work
step 3　　　　　　pick up the other 2 stitches with your crochet hook
step 4　　　　　　pick up the loops from the stitch holder onto your crochet hook
step 5　　　　　　pick up your working loop and make it normal size
step 6　　　　　　pull through 2 loops on the hook **twice**
step 7　　　　　　pull through 1 loop on the hook(a chain to give the cable some room)
step 8　　　　　　pull through 2 loops on the hook **twice**

Cable to the right
You're making the cables in the return pass

step 1　　　　　　pull 5 loops of the hook. The first loop is your working loop, make this one larger and leave it
step 2　　　　　　pick up your stitch holder and pick up the loops which are close to your hook. Lay the stitch holder at **the backside** of your work
step 3　　　　　　pick up the other 2 stitches with your crochet hook
step 4　　　　　　pick up the loops from the stitch holder onto your crochet hook
step 5　　　　　　pick up your working loop and make it normal size
step 6　　　　　　pull through 2 loops on the hook **twice**
step 7　　　　　　pull through 1 loop on the hook(a chain to give the cable some room)
step 8　　　　　　pull through 2 loops on the hook **twice**

If you're working on the odd rows make sure the TKS are not to tight!! Take a look at the you tube movie of Kim Guzman. Although she works with 6 stitches, it is the same.

Chart

This block is a lot easier to make because there are only 2 cables in the beginning. When there are still problems I will go live on fb, so there will be an other movie.

Description

Follow the chart.

Because there are only 2 cables your work isn't such a mess as block 63. If you look close to the return pass of the previous row you can find the stitches easily.

Please let me know if you still having problems, I will go live on fb if necessary.

Taking a good photo is also a profession ;-p

Block 72   20x20   Color A
Design: Marjolein inspired by a infinity scarf of Kim Guzman

This Block will be made on block 51, next to block 50/69. Attach on the right top corner of block 51.

Stitches
When I was translating I learned that I forgot to translate the text behind the cables I left the dutch text here so you can double check, sorry for the inconvenience.
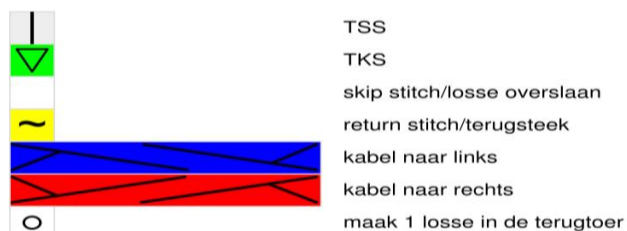

TSS	Tunisian Simple Stitch	
TKS	Tunisian Knit Stitch	
	cable left	kabel naar links
	cable right	kabel naar rechts
o	chain 1 in return pass	maak 1 losse in de terugtoer

TSS	
TKS	
skip stitch/losse overslaan	
return stitch/terugsteek	
kabel naar links	
kabel naar rechts	
maak 1 losse in de terugtoer	

Explanation Cable over 6 stitches

Cable to the left
You're making the cables in the return pass

step 1	pull 7 loops of the hook. The first loop is your working loop, make this one larger and leave it
step 2	pick up your stitch holder and pick up the 3 loops which are close to your hook. Lay stitch holder in **front** of your work
step 3	pick up the other 3 stitches with your crochet hook
step 4	pick up the loops from the stitch holder onto your crochet hook
step 5	pick up your working loop and make it normal size
step 6	pull **3 times** through 2 loops on the hook
step 7	pull through 1 loop on the hook(a chain to give the cable some room)
step 8	pull **3 times** through 2 loops on the hook

Cable to the right
You're making the cables in the return pass

step 1	pull 7 loops of the hook. The first loop is your working loop, make this one larger and leave it
step 2	pick up your stitch holder and pick up the loops which are close to your hook. Lay the stitch holder at **the backside** of your work
step 3	pick up the other 2 stitches with your crochet hook
step 4	pick up the loops from the stitch holder onto your crochet hook
step 5	pick up your working loop and make it normal size
step 6	pull **3 times** through 2 loops on the hook
step 7	pull through 1 loop on the hook(a chain to give the cable some room)
step 8	pull **3 times** through 2 loops on the hook

If you're working on the odd rows make sure the TKS are not to tight!! Take a look at the youtube movie of Kim Guzman. Although she works with 6 stitches, it is the same.

Description

Follow the chart. The white spaces are no stitches, After the first cable you have to make the chain in the return pass.

Block 73   20x20   Color B

Design: Marjolein 1 of the many ways to make a basket weave

In the chart at page 1 block 73 is Color C but it has to be color B

This block will be made on block 53/54, next to block 72. count 30 stitches from the right top corner of block 54 and attach in the 31st stitch
