# Discover the Seasons week 21

This week only 2 blocks but they are large blocks. The first one is a nice one with 2 flowers made with cables and is based on a knitting pattern. The second one is a pattern which you will find in The Tunisian crochet stitch guide by Kim Guzman. Just because I liked it so much.

Explanation Cable

Cable to the left
You're making the cables in the return pass

step 1	pull **3 loops** off the hook. The first loop is your working loop, make this one larger and leave it
step 2	pick up your stitch holder and pick up the loop which is close to your hook. Lay stitch holder in **front** of your work
step 3	pick up the other stitch with your crochet hook
step 4	pick up the loop from the stitch holder onto your crochet hook
step 5	pick up your working loop and make it normal size
step 6	pull through 2 loops on the hook
step 7	pull through 1 loop on the hook(a chain to give the cable some room)
step 8	pull through 2 loops on the hook

Cable to the right
You're making the cables in the return pass

step 1	pull 3 loops off the hook. The first loop is your working loop, make this one larger and leave it
step 2	pick up your stitch holder and pick up the loop which is close to your hook. Lay the stitch holder at **the backside** of your work
step 3	pick up the other stitch with your crochet hook
step 4	pick up the loops from the stitch holder onto your crochet hook
step 5	pick up your working loop and make it normal size
step 6	pull through 2 loop on the hook
step 7	pull through 1 loop on the hook(a chain to give the cable some room)
step 8	pull through 2 loop on the hook

Keep track on all stitches when you do the next row, a stitch is hidden under each cable stitch!

If you're working on the rows under the cables make sure the TKS are not to tight!! Take a look at the you tube movie of Kim Guzman. Although she works with 6 stitches, it is the same.

Description

Follow the chart. The explanation of the cables is above the chart. You make cables with 2 stitches. If you work carefull you can work without a stitch holder. But be carefull that you won't loose the second loop.

The TKS is always in the front of your work.

There will be a new stitch a cluster of 3 double crochet together(also known as bobble stitch). That will work as follows

step 1   Yarnover
step 2   Insert your hook like a tks
step 3   yarn over and pull through
step 4   Yarn over and pull through 2 loops on the hook
step 5   Insert your hook like a tks in **the same stitch**
step 6   yarn over and pull through
step 7   Yarn over and pull through 2 loops on the hook
step 8   Insert your hook like a tks in **the same stitch**
step 9   yarn over and pull through
step 10 Yarn over and pull through 2 loops on the hook
step 11 Yarn over and pull through 3 loops on the hook!!!!

Block 85   40x40   color D

Do not work too loose!!

This block will be made on block 82/83/84 and next to block 78/79/80. Count 20 stitches from the right top corner of block 84 and attach in the 21st stitch
